Alumni Speak

CITM is a place where you can find an amalgamation of learning. I feel great studying at CITM as it gives great opportunity as well as support from faculties and placement officers. I would like to thank CITM.

My experience at CITM is great and memorable. The Teachers at CITM helped us enhance my academic skills. I am thankful to Training & Placement cell for providing a platform to enhance my skills and an opportunity to showcase them.

Golden days of my life. The faculty of CIITM provided unparalleled support academically and personally. Thank you for the support and motivation throughout my studentship and I owe my success to all the faculty members, who always advised and encouraged us. The regular interaction with the Placement team also encouraged me for future.

It's difficult to sum up the memories and experience in few lines. I consider myself very lucky for being a part of CIITM. There is something motivational and special in this environment which made us study and enjoy co-curricular activities. All the Faculty members are very helpful and they guided us all the time. These years have given me friends for life. It has been an unforgettable journey. I had spent my wonderful days of life in CIITM.

CITM has presented me with various opportunities such as projects, live assignments and industry exposure which has enhanced my managerial skills. Experienced and specialized teachers have stretched me to reach my full potential through continual challenges and support. Thanks CITM!!

I have completed my BCA. from CIITM. My three years at CIITM were great and I will cherish the memories for a lifetime. My time in CIITM was full of learning and growing. I got the opportunity to meet different kinds of people and learn many things in the process. I am thankful to all my teachers and every single mentor who helped me to achieve my goals. Overall it was a wonderful experience and I have a lifetime of good memories.

Welcome to Compucom

Compucom is a Leading Group of Rajasthan. The Group has many sister concerns in the field of Software Development and Exports, Mass Media Education, Professional College Education and much more. Compucom Group has received awards of excellence from Central & State Govt. for its performance.

With a vision of youth development , Compucom Engineering College (CITM) was established in the year 2001 in Jaipur city of Rajasthan as a multidisciplinary college for undergraduate (B.Tech) and postgraduate (MBA

& MCA) courses; The Institute was established with due approval from the All India Council for Technical Education (AICTE), New Delhi and necessary permission from the State Government. It is affiliated to the Rajasthan Technical University, Kota for B.,Tech, MBA & MCA and University of Rajasthan for BCA.

The college provides a range of support strategies, both academic and pastoral, to help you develop your talents and achieve your goals. You will benefit from expert tuition, combined with supervised course work assignments and

We Aim to

- Provide the highest quality student support
- Deliver a professional service
- Use effective teaching and learning techniques
- Promote equal opportunities and celebrate our cultural diversity
- Offer support and guidance concerning your future career and studies
- Provide a safe and secure learning environment, supported by clear policies and procedures

help to prepare for exams. We believe that our consistently high standards of teaching, our student support network and our constantly improving facilities are the key to our success, which has resulted in our rapid growth and expansion within a short period of time.

Our friendly administrative staff and experienced tutorial team form the backbone of our college. We work in partnership to give you the very best support throughout your time with us.

Vision

Compucom Institute of Technology and Management, a constituent of the Compucom Foundation, with the

help of its sister organization, Compucom Software Ltd. (CSL) and Compucom Infimedia Pvt. Ltd. aims to provide world class technical knowledge in the classrooms & labs with on the Job Training in the above companies. Our objective is to produce world class technocrats, who would achieve highest level of technical, moral & social values to become most successful & good citizens of the nations, to serve for the betterment of the entire mankind with there technical innovations.

Messages from Board

Mr. S.K. Surana

Chairman
B.E. (Electronics) BITS, Pilani
Graduate Studies (C.S.) USA

Compucom believes in innovations. We believe that the purpose of education is to create an excellent student community, who are capable of doing some innovative things to encounter new challenges. Being a sister concern of Rajasthans leading software company, Compucom College inspires students to act as a leader and motivates them to explore and discover new routes in the fields of science, technology and management for the betterment of mankind.

The college is dedicated to provide an environment for intellectual growth and to provide an educational atmosphere that will stimulate both teachers and learners simultaneously.

The courses offered by the college arm the students with the right proportion of knowledge, skills, ideas and a positive attitude which makes them equipped to march towards the glory into the professional world.

I welcome all aspiring students to join our prestigious College and experience the changes in life. I assure you that your decision to join this college will go a long way in building your career and realising your long cherished dreams.

Mr. Vaibhav Surana

Executive Director
B.Tech. (IIT, Delhi)
PGDM, IIM, Ahmedabad

An engineering degree is a passport to a better future for you, as well as, a license granted to you, allowing you to participate in the great purpose of building our nation, and here at CITM, we take both of these objectives very seriously. So this is our personal invitation to you, come join us, and let us help build your future so that you can build the nation.

Messages from Board

Prof. (Dr.) M.R. Farooqi

Principal
B.Sc., M.Tech., Ph.D.
(Elec. Engg.) MNIT, Jaipur

It is with great pleasure that I introduce you Compucom Institute of Technology & Management , one that shares the same vision and aspirations as the other leading Educational Groups of the Country. Our Motto is to provide high quality professional education to youngsters and to guide them find the path to success, fulfilling needs of our country in the field of Engineering & Management.

As the Principal of the Institute I assure you that our college shares an educational philosophy of emphasizing on an interactive mode of teaching and learning, with the objective of stimulating students' intellectual curiosity and spirit of creativity, such that their interest in learning can be rekindled and be sustained for life.

The institute has very close linkage with its sister organization working in Software Exports and media for field training of our students. Last but not least, CITM has its own purpose-built state-of-the-art campus situated in the heart of the city, Jaipur (Rajasthan). We wish to create an enriching environment that contributes not only to the high standard of academic achievement, but also to the social, personal and intellectual development of the students.

My colleagues and I would be delighted to meet you and support you in making your choice of career.

Prof. Pawan Agarwal

Registrar
B.E. (CSE), M.Tech.

We congratulate you for taking the right decision in getting your ward admitted in a professional course at our Institution. The education system adapted by our college is not only to educate the students for acquisition of facts, but to teach them how to make these facts come alive. We believe that if we learn with pleasure, we never forget. The learning environment we provide at the campus motivate the students to learn more and assists them in building their excellent career.

We extend a warm welcome to the students, and will strive hard to make their bright future, and make them confident that they will be set on the onward march to launch into this competitive world towards a Golden Dawn!

International Dimension

Promoters and sister concern - Compucom Software Limited has offices and linkage in USA for the last 20 years. This gives the college an international dimension. ITneer Inc. is a wholly owned subsidiary of CSL-India and operates globally with its offices in Atlanta GA and Red Bank NJ. Together with partner TGS, Inc. operations have expanded in the telecommunications software support in London, Vancouver, Belgium, Netherlands, Italy, Turkey, Israel, Australia, Hong Kong, China, Thailand, Morocco and Tunisia.

Microsoft Corporation

Compucom College has academic alliance with the world leader Microsoft Corporation of USA. This enables its students to have access to the latest software and techniques of Microsoft.

Visit of Foreign Professionals

Highly qualified and experienced persons from the professional areas such as Engineering, Management and Information Technology are invited in seminars organized by the Compucom College every year.

Visit to Foreign Universities & IT Companies

Compucom has a tie up with an international organization of young students, which exchanges students among their member countries. The college has exchanged students with Germany, Ireland and Austria under the student Exchange Program. During the trip, the students and the faculty members of the college are provided guest house

facilities at its IT centres at Atlanta and New Jersey. All these IT centres are connected with point to point Internet Lease Line with Compucom in Jaipur, which provides direct exposure of IT working at International level to its students.

Fee Structure & Courses

Program Offered :- B.Tech. Bachelor of Technology (Duration :- 4 years for First year and Duration:- 3 years for Lateral Entry) in

- Computer Science and Engineering ● Civil Engineering ● Electrical Engineering ● Electronics and Communication Engineering

Eligibility :- First Year

- Passed 10+2 examination with Physics / Mathematics / Chemistry / Computer Science / Electronics / Information Technology / Biology / Informatics Practices / Biotechnology / Technical Vocational subject / Agriculture / Engineering Graphics / Business Studies / Entrepreneurship as per AICTE Handbook 2022-23, table1.3(a)

Or

- Passed min. 3 years Diploma examination with at least 45% marks (40% marks in case of candidates belonging to reserved category) subject to vacancies in the First Year, in case the vacancies at lateral entry are exhausted.

Lateral Entry(Second year)

- Passed Minimum THREE years / TWO years (Lateral Entry) Diploma examination with at least 45% marks (40% marks in case of candidates belonging to reserved category) in ANY branch of Engineering and Technology.

Or

- Passed B.Sc. Degree from a recognized University as defined by UGC, with at least 45% marks (40% marks in case of candidates belonging to reserved category) and passed 10+2 examination with Mathematics as a subject.

Or

- Passed D.Voc. Stream in the same or allied sector.

Program Offered :- BCA Bachelor of Computer Applications (Duration :- 3 years)

Eligibility :- Passed 10+2 examination (Arts/Science/commerce) or equivalent or equivalent with securing 48 % or more (minimum pass marks for SC/ST/OBC/SBC candidates) in aggregate without any approximations.

For out of Rajasthan Candidate must have passed 10+2 examination (Arts/Science/commerce)) or equivalent with securing 60% or more (minimum pass marks for SC/ST/OBC/SBC candidates) in aggregate without any approximations.

Program Offered :- MCA Master of Computer Application (Duration :- 2 years)

Eligibility :- Passed B.C.A/B.Sc. (Computer Science)/B.Sc. (IT)/B.E. (CSE)/B.Tech. (CSE)/B.E. (IT)/B.Tech. (IT) or equivalent Degree.

Passed any graduation degree (e.g.:B.E./B.Tech./B.Sc./B.Com./B.A./B. Voc./etc.,) preferably with Mathematics at 10+2 level or at Graduation level.

Obtained at least 50% marks (45% marks in case of candidates belonging to reserved category) in the qualifying examination

Program Offered :- MBA Master of Business Administration (Duration :- 2 years) in Finance/HR/Marketing /Information Technology

Eligibility :- Passed Bachelor Degree of minimum 3 years duration. Obtained at least 50% marks (45% marks in case of candidates belonging to reserved category) in the qualifying examination.

Program Offered :- M.Tech. Master of Technology (Duration :- 2 years)

- Computer Science and Engineering

Eligibility :- A candidate who has secured more than 50% (45% for SC/ST/Non-creamy layer OBC) or equivalent in the Bachelor of Technology in Computer Science Engineering or Information Technology, Admission through: CAM

Note :-

- Apart from this, other fees like RTU Development fees, Examination Fee, Enrollment Fee etc. is to be paid by the students
- All the Admissions will be done as per the Govt. / college Guidelines.

* As Per State /Univ/College Guidelines. Subject to Change for session 2022-23. Fee Means Tuition and College Development Fee

RTU - Rajasthan Technical University UOR - University of Rajasthan

DOCUMENTS REQUIRED TO BE SUBMITTED AT THE TIME OF ADMISSION

- Matriculation certificate/Marksheets having DOB Proof with 3 sets of attested photocopies.
- 10+2 mark sheets with 3 sets of attested photocopies.
- Graduation Mark sheets with 3 sets of attested photocopies (Applicable for PG Courses).
- Migration Certificate in Original/TC (Counter Signed by District Education Officer) (Within 15 days of admission)
- Proof of Entrance exam Rank Card/Valid Gate Score Card (if any)
- Six recent passport size colour photographs
- Photocopy of Ration Card, PAN Card, Aadhaar Card & Bhamashah Card
- Medical Fitness Certificate from the Govt. Doctor
- Residence Certificate (if applicable)
- SC/ST Certificate & OBC Certificate not older than 3 years (if applicable)
- Income Proof

Compucom Campus

Compucom college is located in the heart of Jaipur City. It has architecturally designed spacious building with background of fascinating landscaping on the large campus spread across 10 acres. The Campus is having very peaceful and hygienic environment. It has over 1,00,000 sq. ft of constructed area of college building and labs, over 65,000 sq. ft. of constructed area of hostel buildings, over 7,000 sq. ft. of constructed area of computer centre, over 8,000 sq. ft. of constructed area of library. It has separate hostels for girls and boys inside the college campus.

The girls hostel has enough rooms to accommodate 200 girl students. It has separate mess, club and gymnasium. The boys hostel has four blocks of single seat rooms where 424 students can stay. It also has separate mess, club, and gymnasium.

The college has highly qualified and experienced faculty including IITians, BITSians and Ph.D, MBA, MCA & BE Holders. College also has in-campus accommodation for the faculties for the benefit of the students.

For the overall development of the students we provide facilities of various indoor and outdoor games, clubs for entertainment, in-house Psychologist for Personality Development & Counseling , Communicative English Lab to teach English Speaking and Medical Facilities.

The college is having a fully Air conditioned Auditorium fully equipped with modern and advanced Audio Visual system for various presentations & seminars conducted by the renowned Indian and Foreign Experts.

Being a sister concern of the Rajasthan's Largest Software company, the Campus has excellent Computing Facilities at the Computer Centre established by the Industry Experts together with the close Industry relationships , helps the student to know and grow according to the current scenario across the globe.

Auditorium at Compucom

Life at Compucom

Student Life is committed to the holistic development of students through residential communities, diverse leadership opportunities, and a variety of student programming experiences.

To fulfill this mission, Student Life provides opportunities which empower students to learn about themselves and others in an educational community while becoming responsible global citizens.

Values

We aspire to be:

Passionate - about providing education and training that brings opportunities and transforms lives

High Performing - anything less than 100% success leaves room for improvement

Innovative - by focusing on the promotion of sustainability and enterprise as we move forward

Respectful - we value every person as an individual and embrace diversity in our community

Inclusive - we provide opportunities for all and we welcome people of all abilities and backgrounds.

Code of Conduct - We believe it is essential to work in partnership with you to provide you with the best experience and create an atmosphere of mutual respect. Not only do we ask you to respect the College's codes of conduct - we recognize the importance of respecting your needs and expectations as well.

As a CITM student you have a right to:

- Enjoy and achieve
- Make a positive contribution
- Be healthy
- Feel safe and stay safe
- Achieve economic and social well-being

You can expect from us:

- Teachers who are committed to your learning
- Interesting lessons that stimulate learning
- To be supported with any difficulties that you may have
- To have a fun and lively Campus and induction programme with regular on-going advice and progress tracking
- Careers guidance, employment support, welfare support, financial guidance and support with personal matters
- An environment where equality and diversity are valued and actively promoted
- The right to fairness and equality in the way you are treated
- To take part in and enjoy student life through activities and events outside of core learning
- The opportunity for personal development and improved employability skills

What we expect from you:

- Commitment to your course and making the most of your learning and development opportunities
- Good attendance and punctuality (with good reason for any absence)
- Completing your work on time and to the best of your ability
- Good behaviour and respect to others
- Taking care of our College environment for your own benefit and the benefit of others
- Using the College services to help you succeed

Curriculum Implementation

Teaching Scheme indicating periods per week for theory, practical and tutorials are laid down by RTU along with detailed syllabus and books. This curriculum laid down by RTU is implemented by the college by making session plans for each subject, lesson and teaching plans for each topic covering the whole syllabus of each subject as laid down by RTU.

We, in the college, have system of weekly Time Table, wherein a student knows as to what topic is to be covered on a particular date. In addition, we have a student volunteer in every class, who gives the feedback to the about the quality of teaching on Daily Monitoring Report (DMR), everyday. Two mid terms exams in theory and two internal practical exams are conducted in every Semester to monitor progressive teaching and learning process of the whole syllabus. These exams account for 20% of the marks in theory and 60% of the mark in practical out of total marks allocated by RTU in each subject. The result of mid-term exams is conveyed to students, to enable them to understand as to where they should put more hardwork. When time permits we give test series to the

students before University Exams, like pre-board exams.

The whole Academic Implementation System is available on the College Management Information System (MIS), where in every teacher updates the progress in teaching their respective subject along with attendance of students, being uploaded every Saturday, which can be seen by students and parents by using the students ID and password. The students can also enter their feedback about teaching quality in theory and practicals in MIS which is a unique facility provided to students, of this college. Wi-Fi is provided in the college and hostels to enable the students to use laptops/computers in the campus, effectively.

Compucom Software Limited, a sister organization, which has proven track record of software development and export, and has been awarded by State and Central Governments, is available to our students, for on the Job Training, Live Projects and Industrial Training.

Facilities & Regulations

Hostel - CITM has separate four hundred seated boys and 200 seated girls hostel. Students get enough opportunity for mixing and mingling during hostel life which helps in creating an environment more conducive to studies. In hostel, college provides lunch, dinner, breakfast, tea etc.

Mess - CITM has self-service mess for hostel students. Day scholars can also take lunch with minimum payment.

Canteen - The institution has a self service canteen where snacks, vegetarian fast food, hot and cold drinks, ice cream etc. are available.

Gym & Yoga - Gym & Yoga facilities are available in CITM girls and boys hostels for both hostlers and faculty members.

Transport - CITM also offers bus facility to all day-scholars coming from various parts of Jaipur.

Bank Loan - CITM provides assistance for processing of Education Loan through the various Nationalized Banks for the eligible and needy students .

ATM - CITM has 24-hours ICICI ATM facility within the campus.

TFWS/ Scholarships - CITM also offers scholarship to meritorious and needy students in association with COMPUCOM FOUNDATION TRUST. However the scholarships are liable to be withdrawn, due to degradation in academic performance of a student. CITM also waives tuition fees under the TFWS (Tuition Fees Waiver Scheme) as per RTU/AICTE guidelines.

The state government also provides 100% scholarship to SC/ST/OBC students of Rajasthan domicile. The college provides full assistance for processing of these scholarships.

Auditorium - The institution has world-class facilitated indoor Centralized Air Conditioned "KRISHNA SURANA AUDITORIUM" as well as an open-air theatre to conduct various academic and co-curricular activities.

Faculty Residential Flats - CITM also provides twelve family and 8 bachelor residential flats for faculty members so that students in hostel can directly communicate with them and share their problems. It ensures the safety and security of the hostel students.

E-Learning through audio-visual interface - CITM has official collaboration with PEARSON for audio –visual learning. The learning includes various softwares, high speed internet connectivity, computers and other teaching tools to train the faculties and students.

Central Computing Facility - College has the advanced and well quipped Computer centre with all the modern infrastructure, internet Wi-Fi and machines to cope up with the modern scenario and fast changing technology.

Regulations

Anti- Ragging - Ragging or any type of misconduct towards any student either in the college campus or outside is considered as criminal offence and will be immediately reported to the nearest Police Station. Perpetrators are not permitted to continue the studies. The court orders related to this subject are strictly followed by the college. A Discipline cum Anti Ragging Squad as envisaged by the Supreme Court is functioning in the college.

Internal Assessment - The student will have to appear for the periodic two mid terms, and complete all assignments/ projects/ presentations given by the faculty members for the purpose of internal assessment. Assignments given to the students will have to be submitted within the specific time period.

Attendance - Every student is expected to attend both theory and practical sessions with minimum 75% attendance as per the RTU guidelines. In case of any unavoidable circumstances, it should be discussed with the Management Committee.

MIS system - Academic Monitoring through MIS system

Toxic Prohibition - Smoking , Drinking of Alcohol & Chewing Pan Masala & tobacco is Strictly Prohibited in the college Premises

Refund / Adjustment of Fees - If a candidate leaves the college after taking admission & commencement of class, he will be liable for forfeiture of the fees paid and liquidated damages. All the refunds will be made as per the rules and regulations as laid down by the AICTE/RTU/ College Management.

Dress Code & Regulations - Students are to follow the college dress code (Uniform) as prescribed. They are also to be in uniform when they represent the college elsewhere for attending seminars, placement drives. Motorbikes are not encouraged, especially in the campus. Mobile phones are strictly banned in the classes & labs during teaching hours.

- Industrial Visits
- MOOC Course from NPTL etc.
- Digital Library
- Transport
- GYM
- Wifi Campus
- Canteen & Hostel
- Self Governed Mess

- Outcome Based Learning
- College Promoted by NSE, BSE Listed Software Company
- Dedicated Placement Cell for Placement Assistance
- 50+ Recruiters

Computer Science

The department's mission is to advance, evolve and enhance Computer Science fundamentals to build the intellectual capital of students to fulfill the demands of Industry and research. The Department of Computer Science has computer labs equipped with latest technology in terms of Computer systems, networks and peripherals. Seminars and staff development programmes conducted on a regular basis and these deeply enrich the human resource base and are important for knowledge acquisition in this extremely dynamic discipline. We regularly conduct "Corporate Interaction Programme and Seminars" aimed at developing direct communication with the corporate world.

The department has over 250 computer systems in 7 fully air-conditioned laboratories of programming, graphics, linux, database, software engineering, communication, internet and network. For Internet 20MB Broadband and Wi-Fi facility is available. Each Student is provided with individual log-in ID with his/her own directory.

Electronics & Communication

With the increasing demand of Electronics & Communication Engineering in today's industry, we have established an Electronics & Communication department in 2005 in our college offering Bachelor's degree in Electronics & Communication Engineering. The department has always been on a high growth path & is enriched with highly qualified faculties. We not only provide education to our students but also the technical knowledge required to serve the society. We have technical laboratories, which are well furnished and equipped with all the instruments needed to provide technical support to our students. The core area of Electronics & Communication Engineering is communication system, control & guidance, Microwave & radar, Digital signal processing & solid-state electronics. The department has strong research programmes in the broad areas of

- Communication system
- System modeling & control
- Information technology
- RF & microwave engineering
- Microelectronics & VLSI design

In coming era, Electronics & Communication Engineering will be in great demand in industrial as well as education sector. There are many career options in Electronics & Communication field as electronics is now a part of our every day life, from your pocket FM radio to television, computer, mobile phones & even high-end satellites. An electronic engineer can find a job in consumer electronic manufacturing organization, telecommunication industry, embedded system, IT industry, Internet technology, mobile communication etc. Our college has following laboratories under Electronics & Communication Department:

- Analog electronics lab
- Digital electronics lab
- Microprocessor Lab
- Microwave Engineering Lab
- Communication lab
- Wireless communication Lab
- Embedded system design lab
- Industrial electronics lab
- Optical fiber communication

Management Studies

Master of Business Administration (MBA) in our institution is a two years degree program affiliated to Rajasthan Technical University, Kota with the specialization in Finance, Marketing, Human Resource and Information Technology. The programme consists of four academic semesters. Lectures, case studies, individual and group exercises are used with the participation of experts from the industry, academia and business. Besides this, seminars, business games, quiz, tutorials, debates, group discussions, industrial visits etc. are conducted for imparting education to enhance the analytical and decision making skills of the students in addition to helping improve their communication abilities. The objective is to have students play an active role in shaping the future through the extensive learning opportunities. The students undertake an in-depth training at the end of the second semester of MBA programme. This summer training of 40-45 days provides better understanding and appreciation of the real time problems faced by the corporate world. All students of MBA are required to take up a research study during the fourth semester and submit a report on it. This is to help the students to sharpen their conceptual and analytical research skills and develop methodological concepts in dealing with practical issues.

Civil Engineering

The Activities of civil engineers involve planning, analysis, designing, construction and maintenance of variety of facilities such as buildings, highways, rail roads, water ways and canals, water treatment and sewage disposal system, docks and harbours, bridges and tunnels. The civil engineer also deals with Critical problems of today such as construction of off-shore structure for oil production, flood control. Compucom is committed to produce good engineers with practical knowledge of work.

Electrical Engineering

Presently the department is running the course at undergraduate level and provides excellent facilities in academics for B.Tech degree. We have state of art amenities & laboratories in the department which provide practical knowledge in all fields of electrical and electronics engineering. We also have a separate workshop where the students repair the faults in the machine and lab equipment under the guidance of experts which also helps them to enhance their practical skills. We have faculties from top level institutes across India like IITs, NITs etc. We not only believe in theory but also in all round up gradation and in polishing the skills of students by holding student activity program which includes group discussion, debates, quizzes & other social activities. For helping out the students in their personal and any other issues, they are provided with proper counselling sessions by the experts. A regular contact is made with the parents by the Class incharge where the MIS facility plays the key role. So, we welcome you to this arena of the world which holds the pride of being a pioneer in the area of Electrical Engineering.

Department students are encouraged for the industrial training in summer vacations to improve the practical knowledge in the field.

Computer Application Dept.

The department was established in the year 2001 and has highly skilled, qualified and experienced faculty members. Our MCA Course is affiliated with Rajasthan Technical University, Kota and BCA course is affiliated with University of Rajasthan, Jaipur. The department has been progressively working towards producing masters who are well equipped to serve the needs of the present and the future industry requirement and in turn contributing to the society. The Department has good infrastructural facilities and is equipped with full fledged laboratories in sync with the latest technology. The department offers training and seminars to students in various renowned companies to develop their skills.

LABORATORY

- (i) **Microprocessor Lab :** 8085 microprocessor kit, Kit keyboard with RS232 interface, LED interface kit, Seven Segment Interface Kit.
- (ii) **Computer Labs :** Equipped with all required licensed softwares and 24 hrs free internet facilities to students and all the PCs interconnected through a high speed LAN.
- (iii) **Networking Lab :** Peer to Peer networking, Router configuration, Switch configuration, Wireless Lab establishment.

Career Options :

Students who have effectively finished MCA & BCA have many opportunities to find a lucrative job in well-known private sector companies and also in government sector. A lot of reputed corporations similar to NTPC, BHEL, GAIL, IOC, HCL etc employ students with outstanding quality to their group after an entrance exam and personal interview. Many banks also consider MCA & BCA students in to the position of PO or even as IT Engineer. After completing MCA & BCA, a student can work on following positions.

- Work as a System Analyst in a company
- Develop software for companies.
- Work as a Systems Manager in a big corporate
- Work as an Internet Expert, Web Designing Specialist
- Work as an entrepreneur
- Take up a career in computer education
- Work as a consultant
- Go for Consultancy and Computer Education
- Participate in System Development
- Join Internet based companies and do Web Designing
- Provide solutions to your clients and design-customized software
- Develop Platforms for Software / Server based companies
- Work as a troubleshooter for some top-notch computer companies
- Design vast networks for clients like Indian Railways

Sciences & Humanities

Department of Sciences and Humanities of CITM has always been considered the fragrance of many basic concepts of engineering. This department has been modelled to teach and guide students in the subjects of sciences and humanities i.e. Engineering Mathematics, Engineering Physics, Engineering Chemistry & Environment, Engineering Mechanics, Fundamental of Computer Science, Basic concepts of Electrical & Electronics Engineering and Communicative English by qualified faculty members with theoretically and practically in fully developed laboratories & workshops. This department creates a sound foundation based on the understanding of fundamental concepts and the development of skill of imagination, manipulation and prepares a student to tackle relatively-advanced applications of the subjects in the subsequent courses of engineering.

Department of Sciences and Humanities fabricates all the subjects for technical students and specifically, for those students who have left walls of school and are ready now to spread wings to the large world and unlimited sky.

Following laboratories are used by Science & Humanities department in both semesters.

1. Engineering Physics & Chemistry Lab
2. Electrical and Electronics Lab
3. Practical Geometry Lab
4. Workshop Practice Lab
5. Computer Prog. Lab
6. Communication Technique Lab
7. Machine Drawing Lab

Training & Placement Cell

About Placement Cell:

The Training & Placement cell at CITM protects the interests of students and recruitment firms by serving as a liaison between the two. T&P cell introduces students to the corporate requirement and assists them in reaching their short and long-term professional goals.

Corporate Mentors, HR, Technical Resource, Managers etc. are pulled to Upgrade students' knowledge and update him on information regarding new development in various Industries.

In the year 2021-22, the placement cell held several pool campuses (On campus, Off campus & Virtual) assisting many youths in landing their desired careers.

The placement cell works closely with Corporate Cell members, faculty coordinators and students' coordinators for smooth and on time functioning.

Below are few of the areas on which the T&P cell at CITM works:

1. Improving the employability skills.
2. Network with industry.
3. Development of soft skills and communication skills.
4. Strong Alumni association.
5. 100% Internships support to all course's students.
6. Guest Lecturer & Industrial visits.
7. Seminars from industry experts.
8. Institute – Industry interaction to bridge the gap.
9. Dedicated team of result-oriented team members.
10. 100% Placement Support and Guidance.

Functions of the Cell:

Beyond the Curriculum

CITM provides a platform to strike a fine balance between academic and co-curricular activities with embedded responsibilities. The objective is to involve students to play an active role in shaping the career path, skills and future of the institution. A number of committees function under the umbrella of CITM to fulfill the objectives of the organization are:

Student Development Cell - The cell is responsible for taking care of various activities in the campus such as guest lecture, seminars, quiz, debates, group discussion, movie screening, industrial visit etc.

One of the major activities undertaken by the cell is organizing regular workshops with the help the students in realizing their strength and weakness and provides opportunities to improve their skills to face real time challenges.

Cultural Cell - The cultural cell organizes the various inter and intra departmental cultural activities and competition such as dancing, singing, skits etc. It also organizes Fresher's and Farewell Party for incoming and outgoing batches at departmental level. It also organizes "FOUNDATION DAY" at college level.

Sports Activity Cell - The cell is established to utilize the energy of the students in a positive way and make them able to maintain physical and mental health. The sports activities in campus help the students in improving sports spirit, leadership skills, team work etc. the cell organizes various indoor and out door games like chess, carom, table tennis, cricket, football, volleyball etc. It also organizes "SPORTS WEEK" in association with Foundation Day.

Alumni Cell - The cell serves as a catalyst for communication and involvement between the alumni and institution and between the alumni and students. It also organizes annual "ALUMNI MEET". It also updates database of ex-students regularly.

Media Cell - The cell manages the in-house magazine "HANG-OUT" which carries various articles and inputs contributed by the students and faculty members. It also monitors various national and international news and articles and also place them in college notice boards. The cell also maintains relation with media.

Entrepreneurship Cell - The cell organizes seminars, guest lectures, workshops etc. to develop entrepreneurial skills to promote self-employment awareness among the students.

Anti-Ragging Cell - Ragging in any form is strictly prohibited within the college /department or any other part of Jaipur. The cell deals with the student grievances regarding ragging or any other form of indiscipline activity. It directly contacts to management committee of institution and handles the disputes in conjunction with management.
